

Tax Benefits for Your Business

Habitat
for Humanity®
of Bucks County

The Pennsylvania Neighborhood Assistance Program (NAP) offers a **75% tax credit** for business contributions.

How does it work?

Businesses provide a letter to Habitat Bucks confirming the amount they will contribute if the project is approved. Habitat Bucks submits the application to the PA DCED by June 28, 2019. If approved, your business will be notified and forms to claim the tax credit will be provided.

Who does it help?

With your help, we hope to double the size of our affordable home repair program. We seek to help local, lower income residents retain their independence and remain safer in their own homes.

Who do I contact?

For more information, contact Candace Clarke, Resource Development Director at c.clarke@habitatbucks.org or **(215) 822-2812, Ext. 316**.

HOW YOUR BUSINESS CAN BENEFIT
